# Myndigheters arbete med stress

- Ex. insatser/regelverk av reaktiv och proaktiv karaktär:
  - CISM (Critical Incident Stress Management)
  - CRM (Crew Resource Management)
  - HRM och HF-training specifika (t.ex. ANS och underhållsorg.)
- Målgrupper berörda av regler & vägledningar gällande stress:
  - Enskilde individen (pilot, flygledare, tekniker m.fl.)
  - Tillståndshavaren (flygbolag, flygtrafiktjänst, underhåll m.fl.)
- Ökad fokus på träning och genomförande
  - Hur den bedrivs och vad som ger bäst resultat
  - Kompetens utbildare (organisation och CRM trainer)

# Exempel flyg – Pilot Peer Support Program

## AMC3 CAT.GEN.MPA.215 Support programme

ED Decision 2018/012/R

### ELEMENTS OF A SUPPORT PROGRAMME

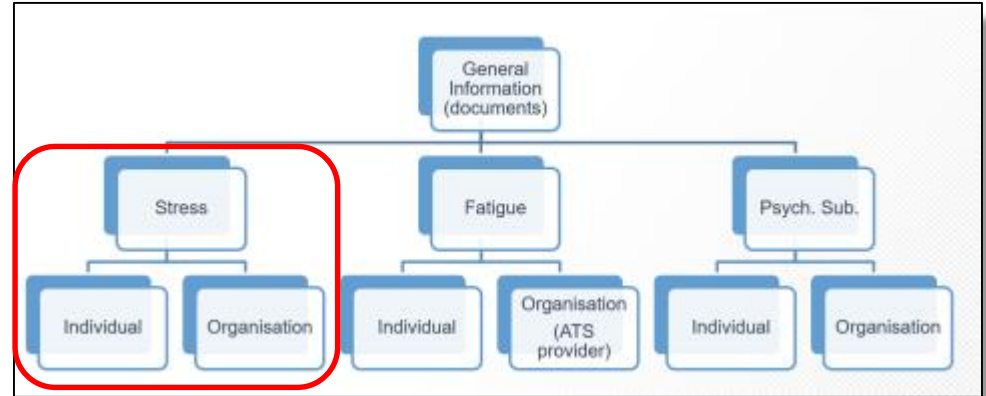

- (a) A support programme should contain as a minimum the following elements:
- (1) procedures including education of flight crew regarding self-awareness and facilitation of self-referral;
  - (2) assistance provided by professionals, including mental and psychological health professionals with relevant knowledge of the aviation environment;
  - (3) involvement of trained peers, where trained peers are available;
  - (4) monitoring of the efficiency and effectiveness of the programme;
  - (5) monitoring and support of the process of returning to work;
  - (6) management of risks resulting from fear of loss of licence; and
  - (7) a referral system to an aero-medical examiner in defined cases raising serious safety concerns.

TRANSPORT  
STYRELSEN

# Exempel flygtrafiktjänst

Krav som ska uppfyllas av leverantörer av flygkontrolltjänster med avseende på **mänsklig prestationsförmåga**

## ATS.OR.310 Stress

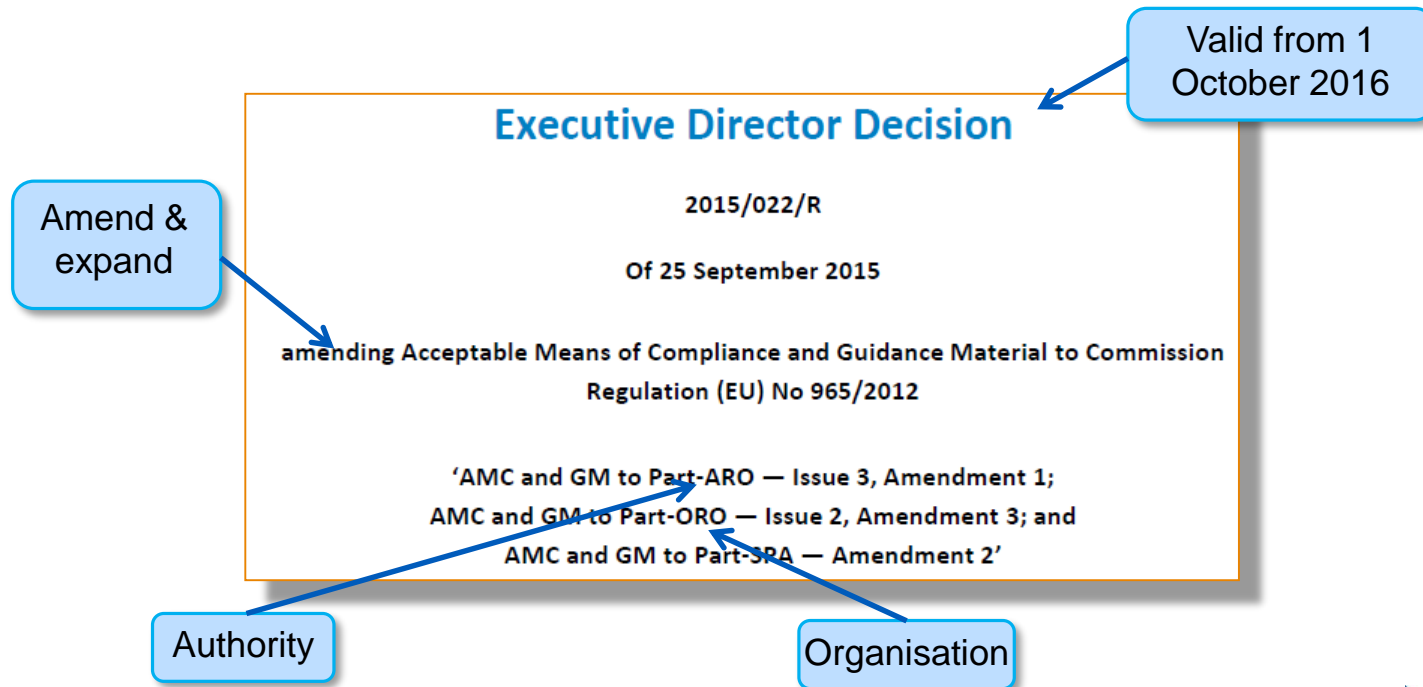

Regulation (EU) 2017/373

In accordance with point [ATS.OR.200](#), an air traffic control service provider shall:

- (a) develop and maintain a policy for the management of air traffic controllers' **stress**, including the implementation of a critical incident **stress** management programme;
- (b) provide air traffic controllers with education and information programmes on the prevention of **stress**, including critical incident **stress**, complementing human factors training provided in accordance with Sections 3 and 4 of Subpart D of Annex I to Regulation (EU) 2015/340.

**Gemensamt ansvar  
och delaktighet!**

# Tillbakablick CRM: "Executive Director Decision for CRM"

# Resan fortsätter...revidering av gällande CRM-regler

*AMC & GM to Part-ORO*

*Issue 2, Amendment 21*

**Annex I to ED Decision 2022/014/R**

**'AMC & GM to Annex III (Part-ORO) to Commission Regulation (EU) No 965/2012 —  
Issue 2, Amendment 21'**

## Exempel på områden som reviderats:

- CRM Trainers
- Bedömning av CRM (s.k. assessments i AMC, fokus praktiska delar, av vem och utökning av tillfälle när CRM ska bedömas)
- CBT – när var hur
- Teoretiska ämnesområden (s.k. elements i AMC) – bl.a. stress uppmärksammas
- Ledningssystemets roll/koppling till CRM samt operatörens övriga utb.

# Regelverk för Air Operations

- Sammanställning av gällande regelverk
- E-rules (IR, AMC & GM, CS)
- 2364 sid - 490 sökträffar på "CRM"

# Axplock av nya inslag i CRM.

- **Flight crew CRM trainer** (AMC2 ORO.FC.146 Personnel providing training, checking and assessment)
  - Qualifications & prerequisite
  - Introduktion av "operator rating" (kan bistås av "team of trainers")
  - Recency & renewal
    - The flight crew CRM trainer should complete CRM trainer refresher training **within the last 12 months** of the 3-year validity period; and
    - The flight crew CRM trainer should meet one or both of the following conditions: (A) conduct at **least 3 CRM training events** within the 3-year validity period; (B) be assessed within the last 12 months of the 3-year validity period in accordance with (f)
  - **Training of flight crew CRM trainer:**
    - Större fokus på "trainer competencies", att kunna utbilda i group management, group dynamics and personal awareness, även planering av pass, kunskap om Safety culture & management systems etc.

# Axplock av nya inslag i CRM, forts.

- CRM training elements (utökade kunskapskrav om den specifika operatören)
  - Stress & stress management
  - Fatigue & vigilance (FRMS) m.m.

CRM training elements	Initial operator's CRM training	Operator conversion course when changing aircraft type	Operator conversion course when joining an operator	Annual recurrent training	Command course
<b>Relevant to the individual flight crew member</b>					
Personality awareness, human error and reliability, attitudes and behaviours, self-assessment and self-critique; Stress and stress management; Fatigue and vigilance; Assertiveness, situation awareness, information acquisition and processing.	In-depth	Not required	Required	Required	In-depth

Från "Not required" till "Required"

# Axplock av nya inslag i CRM, forts.

- Training and checking programmes
  - De-identified feedback from the SMS to define/improve CRM training – ska även användas i övriga utbildningar som ground training, emergency etc.
- Minimum training times
  - multi-pilot operations: combined CRM training: 6 training hours over a period of 3 years, or, **for EBT operators**, a minimum of **3 training hours** within 3 years
- Virtual classroom training – single pilot operations (nytt GM)
  - *“A successful virtual classroom training relies on the ability of the trainer to make best use of the associated technologies in the context of CRM training”* (Ref: EASA)
  - Ökat stöd/kunskapskrav för trainer gällande bl.a. management of time, training media, equipment and tools, briefings etc.

# Axplock av nya inslag i CRM, forts.

- Flight crew CRM training in the non-operational environment
  - CBT (Computer Based Training) – tydligt hänsynstagande till dess begränsningar
  - Skillnader mellan multi pilot operations, single pilot operations & EBT (Evidence Based training)
  - “Complementary training method in the context of EBT” – möjlighet CBT som metod
  - Single pilot ops hkp – virtual classroom training möjligt

“Computer-based training (CBT) is not the best tool to train human interaction, human relationships, etc. Ideally, CRM training in the non-operational environment should be classroom training” (ref EASA)

Guidance for allowing virtual classroom instruction and distance learning  
Guidelines in relation to the COVID-19 pandemic

Issue no.: 5 (first issue published)  
Date: 18.08.2020

“Remote classroom training costs more than CBT, but it is the best way to ensure that CRM training in the non-operational environment is both effective and cost effective (ref: EASA)

# Från teori till praktisk tillämpning – hur ”stressar” vi piloterna?

(EASA, 2018)

- NLR & KLM
- Simulator- and classroom
- Line-pilots (40)
- **Method** for training & evaluation
- Positive result
- Content:
  - Literature Analysis
  - Startle and Surprise in Accidents and Incidents
  - Analysis of Airline Startle & Surprise Training
  - Development of Training Program
  - Results of the evaluation

## The “Mental Upset” concept

### Unload

1. taking physical distance
2. deep breathing
3. muscle relaxation
4. checking of colleague

### Roll

- ‘What do I see?’,
- ‘What do I hear?’,
- ‘What do I feel?’, and
- ‘What do I smell?’

### Power

- Do we miss information? (How sure are we about the information used?)
- Are there information conflicts/inconsistencies? (Among different sources)
- Are our assumptions correct?

# Teorin på plats, mer fokus på det praktiska...

2008

## Seven skills:

1. Situation awareness
2. Decision making
3. Communication
4. Teamwork
5. Leadership
6. Managing stress
7. Coping with fatigue

2018

## Praktisk applicering:

1. Pedagogik, lärande, grundprinciper träning etc.
2. **Training and assessing** situation awareness
3. **Training and assessing** Decision making
4. **Training and assessing** communication & teamwork
5. **Training and assessing** task management

# Frågor ?

# Reflektioner?
